While the potential for serious health problems is low, some consumers are sensitive to these uncharacteristic off-tastes and smells and should not eat the recalled products because of possible temporary symptoms, including nausea and diarrhea.

No other *Kellogg's*® products are part of this recall. The recalled products were distributed nationwide.

“We apologize to our consumers and our customers and are working diligently to ensure that the affected products are rapidly removed from the marketplace,” said David Mackay, president and chief executive officer, Kellogg Company.

Those with questions or who would like a replacement may contact the Kellogg Consumer Response Center at 888-801-4163 from 8 am to 8 pm Eastern time.
